TBR ASEAN AWARDS

The Technology Business Review Merit Awards

The Technology Business Review Merit Awards is a category of the Technology Business Review Asean Awards, which will be given to outstanding Government-linked companies and agencies. The Award recognises meritorious achievements by these organisations that show innovation in public and private sector excellence.

In the following pages, we feature the senior executives of these agencies and companies and their missions.

Supported by MSC Malaysia

Tan Sri Zeti Akhtar Aziz,
Governor of Bank Negara Malaysia

“Bank Negara Malaysia is responsible for promoting monetary and financial stability and thus contribute to achieving sustainable economic growth with price stability. The Central Bank also plays an important role in developing a progressive financial sector that is effective, efficient and resilient. This involves developing the financial infrastructure and the financial markets in addition to institutional building thereby

contributing to the efficient functioning of the economy and its competitiveness. Also important is the promotion of financial inclusion and raising the level of financial literacy so as to ensure greater access to financial services for all economic sectors, all levels of society, and all geographical regions. Together, these form the elements that will contribute to balanced economic growth and enhanced shared prosperity.”

AWARDS**

Redza Rafiq,
Managing Director of
Cyberview Sdn. Bhd.

“Established in October 1996, Cyberview Sdn Bhd, a Government-owned company and landowner of Cyberjaya, has been mandated to spearhead the development in Cyberjaya. To this end, Cyberview, puts its utmost effort towards ensuring Cyberjaya continues to progress in line with the Government’s aspirations. Wholly committed towards the development of the intelligent city as a preferred place to live, study, work and play, Cyberview’s mission is to realize Cyberjaya as the nucleus of the MSC Malaysia, and as a global hub and preferred location for ICT, multimedia and services for innovation and operations in support of Malaysia’s Vision 2020.”

**Datuk Dr. Ahmed
Tasir Lope Pihie**
President & Chief Executive
Officer of MIGHT

Since 1993, MIGHT has been harnessing the synergy of Government-Industry partnership in advancing the development of high technology industries in Malaysia.

Our consensus building and consultative initiatives have enabled us to provide strategic technology inputs to the Government and Industry, identify investment opportunities with high multiplier potential, nurture technology-based enterprises and entrepreneurship, and prepare knowledge workers for high technology industry, among others. These initiatives have positively contributed in building up Malaysia’s intellectual capital, innovation capacity and socio-economic development.

The partnership is committed to do more for the nation and continue its efforts in enhancing Malaysia’s competitiveness through high technology.

**YBhg. Dato’
Badlisham Ghazali,**
Chief Executive Officer
of Multimedia Development
Corporation (MDeC) Sdn. Bhd.

Multimedia Development Corporation (MDeC) is a high-powered ‘one-stop agency’ focused on the success of MSC Malaysia and the companies operating in it. Its vision is to provide “Leadership in the Information Age” and it has the mission to “realise Malaysia as a global hub and preferred location for ICT and multimedia innovations”. Malaysia was chosen to host World Congress in Information Technology (WCIT) 2008. Recent statistics include the number of MSC Malaysia status companies that reached almost 2000 and revenues generated was approximately US\$2.9b (as of 2006) with about 50,000 high valued jobs created.”

**Dato' Mohd. Jabar
Ahmad Kembali,**
**Chief Executive Officer of
Selangor State Investment
Centre (SSIC) Berhad**

“Incorporated in April 1999, SSIC Berhad was specifically set up to cater to the needs of investors in Selangor. Its core function is to act as a one-stop centre for investors and it does this by acting as a networking agency to facilitate communications between the State Government and investors. SSIC aims to generate investment and encourage industrialisation in Selangor by facilitating the process of investments within the state. SSIC facilitates the activities of investors by providing comprehensive information, advice, and assistance. SSIC ultimately hopes to position Selangor as a preferred Global Investment Centre and strengthen the industrial sectors to become the key economic drivers in line with sustaining the state’s developed status.”

**Dato' Abdul
Wahab Abdullah,**
**President / Chief
Executive Officer
Of MIMOS**

“MIMOS is a strategic agency under the Ministry of Science, Technology and Innovation of Malaysia. Our vision is to be a premier applied research centre in frontier technologies. Our mission is to pioneer innovative information and communication technologies towards growing globally competitive indigenous industries. In our effort to become the global trusted and preferred partner of choice in frontier technologies, MIMOS’ focus has been to collaborate with multinational companies, research organisations & educational institutions. We strive to drive globally recognised Centres of Excellence to promote and license MIMOS technologies or IPs to qualified indigenous ICT companies. At MIMOS, we drive technology from being an enabler, into a sector.”
